RECENT PROJECTS

RESPONSIVE PORTFOLIO

https://roldhanfulo.github.io/Website_Portfolio/

So this is the website portfolio I made to show my prior knowledge and skills in Front end designing. And also it contains some information about me, including my programming skills and other related information.

BARANGAY MANAGEMENT SYSTEM (CAPSTONE PROJECT)

<https://brgypasongtamo.com/home-main.php>

Together with my team, We develop and create this Management System for Barangay. This system also has subsystems, including a Record management system, patient record system, blotter system, Document request module, and many more.

RESPONSIVE ANIME INSPIRED RESTAURANT WEBSITE

<https://roldhanfulo.github.io/AnimeRestaurant-/>

So this project is anime inspired website that I create during my College days to practice my skills in Website designing
